In order to maintain the new 'straightness' of your teeth it is **essential** that you wear your retainer as directed. A set of Clear removable retainers are provided free of charge to every patient.

We strongly advise that you book a professional cleaning with our Dental Hygienist before, during and after treatment to achieve optimal gum health. However in some cases with patients who have a lot of plaque, a longer or more thorough cleaning will be necessary. We can discuss this with you before and during your treatment.

**NB Please ask at the reception if you wish to consider having your teeth whitened after the procedure for optimal cosmetic results.**
